In a world where we're constantly told to choose between our careers and our personal lives, one woman dared to break the mold and find a love that defied all expectations.

After years of living and working in the fast-paced world of New York City, Sarah decided to trade in her black heels for tractor wheels and move to

the countryside. Little did she know that this decision would lead her to the greatest adventure of her life.

In her memoir, *Black Heels to Tractor Wheels*, Sarah shares her inspiring and often hilarious journey of self-discovery and love. From learning how to drive a tractor to raising chickens, Sarah embraced her new life with open arms. And along the way, she met a man who loved her for exactly who she was.

Black Heels to Tractor Wheels is a story about following your dreams, no matter how unconventional they may seem. It's a story about finding love in the most unexpected places. And it's a story about the power of female empowerment.
