Mills was born in London in 1946 to actor John Mills and playwright Mary Hayley Bell. Her parents divorced when she was young, and she was raised by her mother in England. Mills began her acting career at the age of 12, when she was cast in the title role of Pollyanna. The film was a huge success, and Mills became an overnight sensation.

Mills went on to star in a number of other successful films, including *The Parent Trap*, *That Darn Cat*, and *Summer Magic*. She also appeared in several television shows, including *The Andy Williams Show* and *The Ed Sullivan Show*.

Mills's career began to decline in the late 1960s, as she struggled with addiction and depression. She was also typecast as a child star, and she found it difficult to get roles as an adult actress.

In *Forever Young*, Mills candidly discusses her struggles with addiction and depression, as well as her experiences of growing up in Hollywood. She also shares her thoughts on the film industry and the pressures that child stars face.

Forever Young is a fascinating and revealing memoir from one of Hollywood's most iconic child stars. Mills's story is a cautionary tale about the dangers of fame and fortune, but it is also a story of hope and redemption.
