**From Underdog to Superstar**

Steph Curry was never supposed to be an NBA superstar. He was too small, too skinny, and didn't have the prototypical athleticism that scouts look for in a top prospect. But Curry defied all odds and went on to become one of the greatest shooters and players in the history of the game.

Curry's journey to the top was not easy. He was drafted with the seventh overall pick in the 2009 NBA Draft, but he struggled to find his footing in the league early on. He was often injured and his shooting was inconsistent. But Curry never gave up on his dream. He worked tirelessly to improve his game and eventually became one of the most feared shooters in the NBA.

### **The Best Shooter of All Time**

Curry is widely considered to be the best shooter of all time. He has the ability to shoot from anywhere on the court and he makes it look easy. Curry has won three NBA championships with the Golden State Warriors and has been named the league's Most Valuable Player twice.

Curry's shooting ability is truly remarkable. He has a quick release and a high arc on his shot. He is also able to shoot off the dribble and create his own shot. Curry is a nightmare for defenders because he can score from anywhere on the court.

### **More Than Just a Shooter**

While Curry is best known for his shooting, he is also a complete player. He is a good passer and rebounder. He is also a very good defender. Curry is a true team player and he always puts the needs of the team first.

Curry is a role model for young athletes everywhere. He shows that anything is possible if you work hard and never give up on your dreams.

Curry is an inspiration to us all.

## Testimonials

"Steph Curry is the best shooter I've ever seen. He's a game-changer and he makes everyone around him better." - LeBron James

"Steph Curry is a true superstar. He's a great player, a great teammate, and a great person." - Steve Kerr

"Steph Curry is the face of the NBA. He's a global icon and he represents the game in a positive way." - Adam Silver
