- Neurological Assessment Techniques

- Intracranial Pressure Management
- Cerebral Perfusion and Oxygenation

#### Neurological Monitoring

- Seizure Management
- Acute Ischemic Stroke Care
- Traumatic Brain Injury
- Subarachnoid Hemorrhage

The book provides a comprehensive examination of the pathophysiology, clinical manifestations, and nursing interventions associated with each condition. By delving into these intricate topics, you will gain a profound understanding of the complexities of neurocritical care.

### **Tailored for CNRN Exam Preparation**

Nurse Neuroscience is not solely a comprehensive textbook; it is meticulously tailored to assist in your preparation for the CNRN exam. Each chapter concludes with a set of practice questions, mirroring the format and difficulty of the actual exam. These questions serve as a valuable tool for self-assessment, helping you identify areas where additional study is required.

Furthermore, the book offers a comprehensive practice exam, comprising 150 questions that encompass the full scope of the CNRN exam. This practice exam is invaluable for simulating the actual testing experience and providing you with an accurate measure of your readiness.

## Exceptional Features for Enhanced Learning

Nurse Neuroscience is meticulously designed to enhance your learning experience. The book is replete with:

- High-quality illustrations, diagrams, and tables that clarify complex concepts.
- Key terms and definitions highlighted throughout, reinforcing your understanding.
- Summary tables at the end of each chapter, providing a concise overview of essential information.
- References to the latest research studies, keeping you abreast of advancements in neurocritical care.

## Endorsed by Experts in the Field

The quality and accuracy of Nurse Neuroscience are attested to by the endorsements of renowned experts in neurocritical care. Here are a few testimonials:

***“Nurse Neuroscience is an indispensable resource for nurses seeking to enhance their knowledge in neurocritical care and excel in the CNRN exam. Its comprehensive coverage and exceptional learning features make it an invaluable tool.” - Dr. Martha Curley, DNP, RN, ACNP-BC, FAAN***
