In his new book, 'The Battle for Home,' cultural critic and memoirist David Goodwillie travels across the United States to explore what makes a house a home. Along the way, he encounters families from all walks of life, each with their own unique story to tell.

Goodwillie's journey is a deeply personal one, as he reflects on his own childhood and the ways in which his family has shaped him. But it is also a universal story, one that speaks to the longing we all have for a place to belong.

In 'The Battle for Home,' Goodwillie writes about the families he meets, the homes they live in, and the challenges they face. He writes about families who are struggling to make ends meet, families who are dealing with illness, and families who are coping with the loss of a loved one.

But Goodwillie also writes about the resilience of families, their ability to overcome adversity, and their unwavering commitment to each other. He writes about families who are finding ways to make their houses into homes, even in the most difficult of circumstances.

'The Battle for Home' is a powerful and moving book that will stay with you long after you finish reading it. It is a book that will make you think about what home means to you, and it will inspire you to cherish the people and places that make your house a home.
